MILITARY TRAINING CREDIT EVALUATION
Back in the summer of 2020, we redesigned our military articulation process. Now, military credit is appearing on student degree audits, with the term the training occurred, and whether credit was awarded or reviewed and determined no credit. Each training is reviewed individually and credit is awarded based on when the training occurred, the recommendation of the American Council on Education (ACE), and/or departmental input. Previously, we only granted a few blanket elective credit hours based on the presence of a DD-214 or Joint Services Transcript and did not share the training with the campus if credit was not awarded.

We want to recognize the College of Computing and Informatics, and particularly Dr. Harini Ramaprasad in Computer Science, for being the first to review (or the first in a long time) the military training appearing on the audit and making a recommendation for equivalent Charlotte credit.

If you see military training appearing on the degree audit (with equivalent credit or not) and wish to review the training description, please let us know and we’ll be happy to provide it. For a look at the training database, visit the Transfer Credit Advisor tool and search under the state of 'Military-Americas', then the respective military branch. This database does not accurately display training credit by term, but it’s a start.

FALL GRADUATION CLEARANCE TIMELINE
September 29 - GS will email academic departments instructions to access their pre-clearance reports in Report Central.
Early October & November - GS will email pre-clearance reports to academic departments for students with an audit percentage less than 98% or equal to 99%.
December 20 (noon) - Grades Due.
December 23 - Initial awarding for students with audits at 100%.
January 5 - GS will email pre-clearance reports to academic departments for students with audits less than 100% and include Department Chairs and Associate Deans. At this time, GS will need a response from the academic department for each student, such as:
• If the student should be denied graduation, OR
• Other information is still needed such as sub/waivers, transfer credit, credit by exams, or incomplete grades
January 11 - GS will send an email out to the students whose audits are not at 100% and to recommend consultation with their advisor. This gives the students time to register for the spring term.
January 20 - GS will email pre-clearance reports to academic departments, and copy Associate Deans, for students with no departmental response.
January 24 - Census Date for Spring 2022 – Deny fall 2021 graduation to remaining students with audits not equal to 100%.

TERM END DATES IN BANNER
Term dates in Banner have traditionally been the last day of class. Beginning with spring 2022, term dates will end the last day of exams. The term continues to begin with the first day of classes. This is being done to allow financial aid to use the delivered software in Banner to calculate the Return of Title IV calculations. Currently, they log into the Department of Education software and enter these manually. This will save them considerable staff and time resources. Currently, Charlotte and UNC Greensboro are the only system campuses using the last day of class.

What might be affected by this change? Schedule Wizard and Banner will reflect the duration of the course from the first day of classes until the last day of exams. However, exam schedules will take precedence during the exam period, even if the course indicates a date beyond the last day of class. Also, the last day of attendance date for F, U, N, I, IP grades could be selected all the way through exams rather than being limited to the last day of class.

WHO ARE YOU GOING TO CALL? HOW CAN WE HELP?

RESPONSIVE DASHBOARD - EARLY LOOK
Although not required, if you want to take an early look at the new Degree Audit to be officially launched in early spring, you can visit https://degreeworks.uncc.edu/MyDashboard. If you do take a look, please share your feedback either to Jonathan Reece (reece15@uncc.edu) or Jessica Miller (jcharper@uncc.edu).

REGISTRAR FORUM
Thanks to all who attended our forums mid-month. The presentations, notes, and Q&As are online at https://registrar.charlotte.edu/about-us/office-registrar-forums.
